Minnuo Vision

With global vision and international standards and taking value creation as its objective. Minnuo is committed to providing excellent opportunities of career development to its staff. And assuming social responsibilities.

Minnuo Core Values

Be devoted and be sincere

Devotion comes from our passion for our cause.

We will work wholeheartedly to challenge ourselves and realize a leap from goodto great.

Sincerity represents honest personality and winning trust with integrity. We will follow the spririt of seeking truth and work diligently to achieve what we have promised. Be brave and be a dreamer.

Forging ahead represents the positive attude for life and cause; shile making ashievements requires the resolution and valor to ashieve a goal. To advance and make greater ashievements, we should start from knowing the actual conditions, have the courage to break the routines and be ready to accept new things, so that we can keep pace with the times and make greater achievements one after another.

Cherishing a dream forever is the power for pursuing excellence and realizing a leap from good to great. It stands for the persistent pursuit of a dream and acommitment made by staff of Minnuo to themselves and to the future. A great dream calls for a long oyage; a great dream is a guide to action.We will cherish a dream forever and achieve greater success in the future!.
